

TGIF 08 Nov 2019

Date: Friday, 08 November 2019

Speaker: Ali & Gary Jackson

Subject: The building of Huia

TGIF night is nearly here again and our Speakers this time will be Ali & Gary Jackson (frosts and other weather permitting). They are going to give an illustrated talk about the building of their yacht Huia, they will also bring the plans for us to see. This beautiful yacht can be seen in our marina and regularly out on the harbour. This is a talk not to be missed.

As our volunteer chef Frank is unable to be with us on Friday, I thought it was a great opportunity for you all to bring in your own springtime creations. In other words a *“Pot Luck”* night.

We look forward to sampling your tasty offerings, both savoury and sweet. If the weather is in our favour we may finish the evening with a few “sparklers” outside. See you on Friday.

As always, the bar will be open at 17:30 and we would like to start dinner at 18:00.

Even though it is a Pot Luck evening, it would be nice to know you are coming along, so please contact Ann (oyc.social@gmail.com).
